

Setsu Niseko voted the 'World's Best New Ski Hotel' at the World Ski Awards
The most coveted title in the industry's most prestigious award competition

14 November, 2023 (Singapore) - SC Global's inaugural hotel *Setsu Niseko* is the proud winner of the title '*World's Best New Ski Hotel*' one of the most coveted categories in the prestigious World Ski Awards competition. An exquisite haven nestled in the heart of Japan's skiing paradise; Setsu Niseko fought stiff competition from top luxury ski resort properties across the globe to win the top spot for this celebrated accolade.

The results announced by the World Ski Awards on 13th November 2023 recognise excellence in ski tourism. Endorsed globally by the ski industry and international media, World Ski Awards now in its 11th year, has become the most prestigious annual honours programme in the field of ski tourism. Each year, ski industry professionals, tourists, and skiers from around the world participate by voting for their favourite venues and brands. Other nominees in this year's '*World's Best New Ski Hotel*' category included Six Senses Crans Montana, The Comodo (Austria) and Badia Hill (Italy).

Expressing his delight over the award, **Simon Cheong, Founder and Chairman of SC Global Developments**, the visionary behind the development of the property, remarked, "This tremendous achievement fills us with immense pride and was only made possible by the dedication of the SC Global family. A passion for excellence is ingrained in our DNA and to receive this global recognition is a testament to the hard work of the team. This award is wonderful news not just for the hotel, but for Niseko tourism at large, shining a spotlight on one of the finest ski destinations in the world." **Hotel Manager Michiko Tamoto** added "We are all incredibly honoured to receive this prestigious award and we would like to thank the industry, our guests, and the community for their recognition and support. Your vote is a fitting tribute to the team's dedication to providing an outstanding experience for our guests and we are looking forward to welcoming them back to Setsu Niseko this winter season."

This isn't the first time Setsu Niseko has garnered attention in the awards circuit. In June this year, the hotel claimed the impressive position of top three finalist in the acclaimed 'Travel + Leisure Luxury Awards Asia Pacific 2023', solidifying its stature as a premier destination in Japan's Beach and Upcountry Hotel category. More recently, Setsu Niseko was conferred the IALD Award of Merit at the 40th IALD International Lighting Design Awards. In Japan, the hotel has been recognised with multiple design awards including a Kukan Design Award 2023, Japan Interior Design (JID) Award 2023, and JIPA's Interior Planning Award 2023.

With its commitment to elevating the guest experience and ongoing quest for excellence, Setsu Niseko is set to leave an indelible mark on the world of luxury ski hotels. A full list of winners of the World Ski Awards is available at <https://worldskiawards.com/winners/2023>

the hotel has a range of wellness facilities that include private onsen rooms, spa lounge, sauna, gymnasium, yoga studio by *Studio En* and *Rikka Spa* managed in collaboration with *Lapidem Tokyo*.

The magnificence of Mount Yotei (affectionately referred to as ‘little Fuji’ by locals) forms a focal point for much of the hotel. Each suite is meticulously designed to enjoy the breath-taking splendour of Mount Yotei and Mount Annapuri ski slopes. Each comes with a fully equipped kitchen and laundry and is carefully crafted to embrace the purity of Japanese design sensibilities; the extensive use of wood throughout each suite, daybeds with built-in window seats overlooking the mountains, tatami rooms seamlessly extending the living space, shoji screens and a curated section of local artworks create a warm and inviting retreat for the perfect family winter holiday getaway. Other amenities and creature comforts akin to a fine hotel include in-suite dining, children’s playroom, business centre, seasonal events, hotel shuttle service, courtyard gardens, and indoor car parking. Additional facilities opening this winter include ski boutique and rental service by *Rhythm Japan*, ski concierge and locker rooms.

About Niseko

Frequently referred to as ‘Japan’s Powder Paradise’, Niseko consistently claims the most snowfall of any major resort worldwide with an average snowfall of between 14-15 metres each season and benefits from an unusually long season running from December through to early May. Whilst Niseko has always been known as a popular winter destination, visitor arrivals have shown that Niseko has become increasingly popular in summer months. With the onset of international luxury developments like Setsu Niseko and improved accessibility from the new Shinkansen service between Tokyo and Hokkaido, the destination is quickly transforming into a mainstream year-round holiday destination.

About SC Global Developments
